SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The Due date for quotes is extended to 22 Dec 2003 4:00 PM

- I. Solicitation/Contract Form
 - a. The required response date/time has changed from indefinite to **22 Dec 2003 4:00 PM**.
- II. Submission instructions:
 - a. Offerors shall print, sign (block 15 a-c), and return one copy of each amendment with their offer.
 - b. Offerors shall submit a new quote for CLIN 0021AB, and the associated option year CLINs, on the attached Schedule B. If certifications and representations (see FAR 52.212-2 Factors 1 and 3, and FAR 52.212-3 Alt 1) were previously submitted, they need not be submitted again, simply indicate this fact on your quote materials. Given the change in the PQL/MDL requirements for CLIN 0021AB and its corresponding option years we need quoters to verify their pricing. Please indicate your pricing for the following CLINs in the spaces provided. You do not need to recalculate your totals if the pricing shown here is different that what you had as of Amendment 7, we will run an abstract to calculate total pricing with the updated pricing.
- III. Changes to clauses/instructions.

Instructions of offerors remains the same but is provided below for your information as follows:

INSTRUCTIONS TO OFFERORS

All offerors shall sign and return one copy of this amendment along with the pricing quote information filled in. You may submit your quote package via mail.

The detection level (reporting limit and practical quantitation limit) for each type of analysis that is required for this contract is provided in Table 1. **Offerors shall not fill in their own detection levels.** Please note that these detection levels shall apply to all the option years as well. If a contractor (or their subcontractor) cannot meet any of these required detection levels the offer will not be considered for award. The prospective awardees may be asked to provide documentation of their detection limits. Failure to provide the documentation necessary to satisfy the Government's verification request will result in the offer being rejected and the Government will go to the next prospective awardee for this documentation. **By submitting a quote for this project you are acknowledging that your company (or your subcontractor) can meet all the Detection Limits shown in Table 1.**

The final invoice for each Task Order shall state "This is a final invoice" and shall contain the following release of claims statement, e.g. "Upon payment of this final invoice for Task Order number XXXX (contractor shall fill in the Task Order number), the contractor hereby releases the Government from any and all liabilities attributable to this Task Order, unless otherwise noted hereon." Upon receipt of the final invoice containing this statement, the Government reserves the right to unilaterally de-obligate any remaining funds on the Task Order.
